BEENISH

Lahore, Pakistan

Software Engineering & Security Student

Email: 241-0020@qu.edu.pk • LinkedIn: linkedin.com/in/beenish • GitHub: github.com/beenish

PROFILE SUMMARY

Detail-oriented Computer Science student (CGPA: 3.66/4.00) at Qarshi University with strong foundations in object-oriented programming, database systems, and applied cryptography. Experienced in building robust Java applications, secure Python file-transfer tools, and responsive web interfaces. Seeking a Software Engineering or Security Internship to apply analytical problem-solving to real-world software systems.

TECHNICAL TOOLKIT

Languages:	Python, Java (OOP, Swing), C++, SQL, JavaScript, HTML5, CSS3
Databases & Web:	MySQL, DBMS, Relational Schema Design, Normalization (1NF–3NF), Responsive Grid/Flexbox
Security & Crypto:	AES-256 (EAX/GCM), RSA-2048, SHA-256 Integrity Hashing, Hybrid Cryptography
Developer Tools:	Git, GitHub, VS Code, Google Colab, Postman, Gradio

KEY TECHNICAL PROJECTS

Secure Cryptographic File Transfer Application

Python | Applied Security

- Engineered a hybrid cryptography workflow combining symmetric **AES-256 (EAX)** encryption for data payload and **RSA-2048** key exchange for secure session handling.
- Implemented **SHA-256 cryptographic hashing** to verify payload integrity and detect unauthorized byte tampering.
- Designed a clean, guided user interface using **Gradio** for key generation, encryption, and receiver verification.

Python | AES-256 | RSA-2048 | SHA-256 | Gradio

Student Attendance Management System

Java | Database Application

- Built a full-featured Java desktop application utilizing **Java Swing** for GUI layout and user authentication workflows.
- Designed and integrated a relational **MySQL database** to manage attendance records, student profiles, and automated report generation.
- Applied Object-Oriented Design patterns to separate business logic, data persistence, and interface layers.

Java | Java Swing | MySQL | OOP Design

Responsive Pension Management UI Study

Frontend Architecture

- Developed a mobile-first UI prototype using **CSS Grid and Flexbox** focused on data density and clear dashboard navigation.

HTML5 | CSS3 | Responsive Web Design

EDUCATION & ACADEMIC RECORD

Qarshi University — BS in Computer Science (5th Semester)

2024 – 2028 | Lahore

- **CGPA: 3.66 / 4.00** — Awarded **Merit-Based Scholarship** for academic achievement.
- **Core Coursework:** Data Structures & Algorithms, Database Systems, Computer Organization, Software Architecture.

Government College Chung — Intermediate in Computer Science (ICS)

Completed

- Awarded Certificate of Merit for academic performance.

CERTIFICATIONS & HONORS

- **Google / Coursera:** Prompt Engineering Certificate (2026)
- **IT Technical Training:** Diploma in IT & Software Tools
- **Academic Merit Scholarship:** Qarshi University
- **Diploma:** Basic Graphic Designing (CorelDRAW, Photoshop)
